ITALIAN HELD FOR COURT FOR ASSAULTING A CHILD

Charged with Serious Crime
on Seven-Year Old
Girl.

BAIL PLACED AT \$1,000

Unable to Furnish it and Will be
Taken to County Jail to
Await Trial.

In default of \$1,000 bail, Sam Tatoro, an Italian who conducts a small confectionary store at 321 Fallowfield avenue, will be taken to jail, likely Wednesday, to await action of the grand jury on the charge of criminally assaulting Mary Rille, the seven-year old daughter of Mr. and Mrs. Ciro Rille, of 225 Fallowfield avenue. The men was held for court at a preliminary hearing before Justice of the Peace E. E. Rice, last evening.

The particular offense, on which the information is based, occurred on last Friday. The little girl from threats to kill her and her father made by Tatoro, it is said, was afraid to tell her father, but yesterday finally blurted it out. Her parents made information and Tatoro was arrested.

It was stated that on Friday the little girl entered the store of Tatoro to purchase some candy for the baby her mother having sent her on the errand. While she was making the choice of the candy it is stated Tatoro made efforts to entice her into his room, and finally ended by carrying her there. Then it is alleged the criminal assault was committed.

The girl appeared as a witness in the case and told her story simply. It was stated that this was not the first offense, and that other girls had been treated shamefully by Tatoro. Dr. C. E. McDermid had made an examination of little Mary, and in his opinion she was in bad condition.

Of this amount \$300 was contributed to the Republican County committee Mr. Moffitt's expenses in the primary contest were \$1,287.94, making a total of \$1,677.59 expended to secure the nomination and election to office.

R. C. Buchanan, who was elected director of the poor on the Republican ticket, expended \$55. Of this amount \$50 was contributed to the Republican County committee. He spent \$101.35 in the primary contest, making a total of \$156.35 for the campaign.

COLORED PEOPLE CAUGHT IN RAID SATURDAY NIGHT HAVE A HEARING

Taken Before Justice of the Peace Rice This
Afternoon on Information of County
Detective.

LOCAL POLICE GET EVIDENCE AND MAKE ARRESTS

As a sequence to a raid on an alleged disorderly house on Fifth street Saturday night by the local police John Johnston, and a woman giving her name as Mary Johnston, both colored, were given a hearing before Justice of the Peace E. E. Rice this afternoon at 2 o'clock. The information was made by County Detective William McCleary, at the solicitation of Chief of Police C. W. Albright, and the police of this place. The couple were held for court.

For some time Chief Albright and his men have been laying for the place, but until Saturday night, could not get enough evidence to make any arrests. At about midnight Saturday

a party of five under Chief Albright, and including all the officers, surrounded the alleged joint, and quietly made an investigation. As a result they secured evidence to demand an immediate raid. In this the woman and the man, who is said to be the proprietor of the place, were pulled, and three white men, the names of whom the police refuse to divulge were arrested.

They were held and the information was made yesterday evening by Detective McCleary. The white men will be let go, it is said, with the payment of the usual disorderly conduct fine, it being said they were drunk and not entirely accountable for their actions.

SEEKS TO RECOVER PROPERTY OF WIFE

Charleroi Man Not Satisfied
with Present Arrangements.

Conrad Hilt has filed an action in ejectment against Catherine Hilt to recover possession of two lots in Charleroi and asks \$500 damages for the detention of the lots and profits.

In the statement filed it is set forth that the lots were jointly occupied by the Hilt family until about October 4, 1908, when the defendant willfully and unjustly and with force of arms ejected the plaintiff from the premises and subsequently secured a divorce from him. On or about April 20, 1909, the plaintiff went to the premises and demanded possession but was refused admission, and on his refusal to leave the defendant summoned a policeman and had the plaintiff forcibly ejected.

MUCH WANTED MAN IS CAUGHT

Venango County Sheriff
Comes to Bentleyville
After Prisoner.

Sheriff Frank H. Williams and Deputy Sheriff J. E. Rial of Franklin Venango county were in Monongahela yesterday and in one of Scurfield's auto went to Bentleyville, where they took in custody Thomas Dunlevy a well known character in that place and one for whom the officers all over the State have been searching for many months.

Dunlevy was wanted this time on a number of charges of larceny from the person, robbery and many others and it is thought after he is taken back to Franklin other and more serious charges will be preferred against him. Sheriff Williams and his men have been searching for the man since about May. About a week ago Mr. Williams secured a tip that his man was on Pigeon Creek Valley and he immediately communicated with Constable Shippe at Bentleyville. It was but a few days until the word came back that his man was in custody.

When the sheriff started away from Bentleyville a citizen of that place complained to him that he suspected Dunlevy of having stolen a watch and chain from him. This charge will be investigated and the sheriff will report back to the man at Bentleyville.

STATE POLICE LAND RIOTOUS FOREIGNERS

Twenty-three foreigners are in the Washington county jail on charges of rioting, disorderly conduct and violating the Sunday laws as a result of two raids made by State police in the vicinity of Washington last midnight. Search is being made for others wanted on similar charges. Several of the prisoners are painfully hurt while others for whom warrants have been issued are too severely injured to be moved to jail.

One raid was made in the Seventh ward of Washington and the other at Meadowlands. At the latter place the constabulary found a pitched battle in progress between two factions of the foreign settlement. Scores of shots had been fired and other weapons used. Fourteen rioters were arrested and brought to jail.

The raid in the Seventh ward resulted in the capture of nine foreigners more than this number escaping by jumping from a second story window. Philip Brusia was seriously hurt in jumping.

Receiver is Under Fire.

Asserting that the administration of the property has been wasteful, 20 residents of Washington, the majority stockholders in the Gardner Convertible Steam and Gas Engine company, have filed exceptions to the account of F. M. Gardner, receiver of the corporation.

CAR SHORTAGE IN FAYETTE

Otherwise There is Remark-
able Activity in Connella-
ville Region.

Coke shipments daily from the Klondyke and Connellsville regions are now about the 2,400 car mark. This is about 800 cars less than would be shipped were it not for a car shortage. The Pennsylvania railroad today reported conditions improved over those of last week and the Pittsburg and Lake Erie reports a fair supply of cars for the week, but the Baltimore and Ohio is unable to meet the demand. The Monongahela River railroad operated jointly by the Pennsylvania and Pittsburg and Lake Erie, is breaking all records.

The daily shipments of coal and coke over the West Brownsville scales of the Pennsylvania railroad and the Newell scales of the Pittsburg and Lake Erie show a total that daily reaches the 650 mark. The Klondyke region was never as busy as at the present time. Every Frick oven available is in blast while the independent operators are unable to supply the demand for coke and are adding to their number of ovens as fast as masons can build them. The labor supply is better than has been for many months.

Destructive Fire.

Fire at West Zollarsville last night destroyed two stores and four other buildings amounting to about \$20,000 with insurance unknown. The properties destroyed were: Clothing store of Mrs. Lefkovitz; grocery store of David Cook; bake shop of David Corpi; residence and stable of Joseph Dets. The fire originated in the Lefkovitz clothing store.

Sheriff and District Attorney
Will Serve Extra
Years.

CHANGE IN CONSTITUTION

Passing of Amendments Calls
for Election of County Offi-
cers in Odd Years.

One of the effects of the passage of the State Constitutional amendments at the last election is that no county officers will be filed next year. Under the present order of affairs a sheriff and district attorney would be nominated at the primaries next June and elected at the fall election in 1910. But as county and municipal elections must be held on the odd numbered years, the terms of sheriff and district attorney will be extended one year in order to have their successors elected in 1911.

The only officers to be nominated next year will be Congressman, State Senator and three Assemblymen. The year following, however, in 1911, a full county ticket will be nominated and elected. Under the provisions of the new primary law a fair field is open to all, and there will be a horde of candidates for the Republican nomination of every single office. The election of borough officers next February will be the last one to be held that month. After the borough and township officers will be elected in November.

LUTHERANS TO HOLD CONCERT TONIGHT

Feature Will be Part of Grand
Opera from "Hansel and
Gretel".

Tonight under the auspices of the Ladies Aid society of the Christ Lutheran church, "The Detroiters," a neted musical organization will appear. This company is headed by Charles Frederick Morse, formerly pianist at the California Normal.

Miss Hope Smith is the contralto, Mrs. Gramville L. Filer, soprano, John Atkinson, baritone, and Lynn Hobart, tenor. Prof. Morse is so well known here that it is unnecessary to say much of him. He is a brilliant pianist, and on the most difficult music is most at home. Miss Smith was for three years a student in Paris, and is quite noted. The others are also of the finest.

The concluding part will be from the grand opera, "Hansel and Gretel." This is said to be especially fine.

Washington's Police Report.

The report of the police for Washington borough showed 34 arrests for all offenses last month, of which 42 paid fines, 15 were discharged and 27 went to jail.

Pole taxes in Washington borough are assessed as follows: Western Union Telegraph company \$228; Pittsburg Railways company, \$530; C. D. and P. Telephone company, \$35.00, and National Telephone company, \$425.

Taft on the Job.

President Taft has committed himself to a number of propositions which, if carried out, will add greatly to the public welfare and service. That he will fail in carrying out some of these is a foregone conclusion. Others will only be partially fulfilled, but at the same time these compromises and failures to carry out the popular measures will not be the fault of President Taft. He is not supreme, and his measures will encounter all sorts of opposition from the interests with which they come in conflict.

President Taft, however, is on the job. Unfortunately ours is not yet a government by commission. If it were, there would be some marked changes for the better with the President in command. If this question were put up to the people, the plain, common people, who have no interests except to live and let live, an overwhelming majority would no doubt favor giving President Taft absolute sway. Knowing the country and the people as he does, its resources and its necessities, government by commission in his hands would accomplish more real material benefit in a single term than in a cycle under the present machinery. As it is, he is doing what he can.

Social Centres.

The use of school houses for social centres—club houses for the people—is being tried in Pittsburgh. The first venture is at the Thaddeus Stevens school house, West End, where under the direction of the Pittsburgh Playground Association, the school house is open evenings for recreation and entertainment of the people. Games and reading rooms are installed with lectures and training classes for adults and other features as a part of the program.

In providing playgrounds and recreation for the children those in charge make the discovery that these features are also lacking for adults. The latter do not need playgrounds,

but they do want some public place of meeting where they can visit with their neighbors and discuss the topics of the day. In small villages the country store afforded this opportunity. In the big industrial centres the beer club has been organized for that purpose. Some of the fraternal societies like the Turners provide club houses where men and children can congregate evenings for recreation and rational entertainment, but these as a matter of course are limited, and not open to the general public. Consequently when the school house was suggested it met with a ready approval.

The school house is built and maintained by the taxpayers, and there is no reason why adults cannot use it evenings. The idea is a most excellent one, and it is suggested that School Hall in Charleroi be utilized for the same purpose. This is a good subject for thought and discussion.

The Careless Public.

Every once in a while the discovery is made that public funds are being diverted for private interests. Money not in immediate use that should be drawing interest for the benefit of the public is more frequently than otherwise diverted to the use of individuals and institutions without recompense to the public. The millions that the State treasury carries in excess of actual needs was for years let out to favored banks and individuals without interests until a public howl went up and now but a nominal rate is paid.

Some time ago Charleroi borough began the accumulation of a sinking fund for the liquidation of a bond issue. Through the watchfulness of Borough Clerk Nicholson this was put on interest, which is compounded for the benefit of the fund. This is good public policy, but how many citizens and taxpayers ever know or think to inquire whether the public funds are invested in the interests of the taxpayers? How many taxpayers know if there is a sinking fund in the county, and if there is whether or not it is drawing interest for the benefit of the county?

Banks fail because the directors are not onto their job. Public funds are misapplied and used for private interests because the taxpayers have not enough interest or intelligence to look after the proper handling of the public money.

ELECTRIC SPARKS

Now, what do you think of that? A man says that Speers is a disgrace to the community. But if the Speers people knew who it was, they would make his appearance a disgrace to him.

Most women's ideas of an ideal young man is one who doesn't smoke, doesn't drink, doesn't gamble, and doesn't go to burlesque shows, or stay out late, yet who are strong and willing at the same time to do the household work besides make the money with which to buy new suits for her.

"Smooth Bore" politics don't go with Donora people. Neither do they with people of this borough.

The religious services held before the lynching of the man out at Cairo, might well be considered by the Christian people as a mockery.

The increasing size of the B. and O. pays might indicate that some improvements might be made in the road. And the increasing business of the Pennsylvania railroad might indicate that Charleroi stands one chance in four millions and fourteen of getting a new station some time

in the years to come.

Reckon if we do put a tax on the pipes of the Greenboro Gas company they will only raise the rates again. If they do they will get into a real big muss.

The Uniontown Herald says the Connellsville Courier doesn't spell right, and the Courier retorts that the Herald steals its editorials. Oh, quit your fighting fellows.

According to a high official at Washington, there'll be nothing left of the sugar trust after he and some more get through. Wonder if that will mean the reduction in prices or the further boosting of them, inasmuch as the government has gotten into the habit as well as members of trusts.

I will give You a Magic Cup--with beauty in it

Do you believe in face creams? You know you do—the good kind. But why do even the best of them sometimes fail?

Because outward application alone cannot give you new skin, any more than your finger polish can give you new finger nails.

But this BEAUTY CUP of mine, used with CROWN CREAM, will give you a new skin. Yes, truly, I mean just that. Listen, every tiny blood vessel should be a pulsating fountain of health and beauty for the skin that covers it. "Should be," I said. But if the delicate veins are clogged and the countless pores are filled with impurities, the skin grows thick and the complexion muddy. Sores, blotches, blackheads and pimples are nature's own proof of the diseased conditions that come from neglect.

The HARLAN BEAUTY CUP gently massages the skin by its vacuum action, manipulating it so that not only the pores but its under portion is quickened and enriched with new life. The wonderful cleansing and beautifying effect of CROWN CREAM upon the surface is aided by this renewed activity of the blood vessels, so that impurities are dissolved and carried away, while new, fine and healthy tissue is formed, again proving that health is beauty.

Nothing else in all the world will get at the root of all the evils underlying lean, blotched, and sallow skin. The Harlan Beauty Cup, when used with Crown Cream, will make a scrawny neck pretty, plump and fair, because it fills and freshens the skin cells, making the skin itself soft, smooth and velvety. It is the only true reviver, restorer and preserver for a dark and flabby skin.

You must try the BEAUTY CUP to know its worth. So for a limited time we shall give one free to every purchaser of the famous Crown Cream or Crown Complexion Powder.

CROWN CREAM consists of the most healing and nourishing ingredients for cellular tissues known to medical science. If you are unfortunate to have a rough, dry, oily, pimply, coarse, harsh, pallid, lifeless red complexion—if you suffer from sunburn, windburn, tan or other skin defects of face, neck, arms, bust or hands. Crown Cream, used as directed, will prove a delightful revelation to you. CROWN CREAM is unequalled as a skin food and tissue builder. We absolutely guarantee that it will not cause or promote the growth of hair, and that it will not cause any injurious effects. A single trial will convince you that it is without an equal.

CROWN COMPLEXION POWDER is absolutely free from anything that could injure the skin. The face powder that imparts that velvety softness and removes the disagreeable gloss and perspiration marks from the face. It adheres to the skin and imparts a delightful fragrance and softness without clogging the pores. Its antiseptic qualities preserve and clear the complexion.

Crown Complexion Powder comes in Flesh, White, Pink and Brunette-tints, while primarily intended for the face, its application is not limited and will be found well adapted to general toilet use.

WHEN you stop to think of the enormous odds that W. R. Gaylord had to contend with to wrest a victory from the old parties to take the Senatorship of the state from them you will get a faint idea of his ability as a fighter and speaker in the interests of the people.

W. R. Gaylord is State Senator of Wisconsin for the second time and he will lecture at Ninth Street School Hall

Friday, November 19, 8 p. m.

Program as follows: Music by Vintian Orchestra, Vocal Solo by Miss E. K. Collins, "Lostis Serenade," Lecture by Senator Gaylord, subject "Socialists in Action." Admission FREE.

Everyone Welcome. Questions Answered After Lecture.

"The Cattle Thieves" is a thrilling wild west scene in life/motion pictures in which the Canadian mounted police and a bunch of cattle rustlers have a mixup that is on at the Palace Theatre tonight. It is a pretty romance as well as being highly exciting.

THE SAWMILL'S BOOKS.

They Needed Not an Auditor, but a Mathematical Carpenter.

Biffkins froze me with a stare. "I remember," he went on, calmly ignoring my interruption, "one time when I was hired to keep books for a sawmill way up north. 'Twas six days by log wagon from ever' place except in the infernal regions, the same being a quarter of a mile away, straight down. The darned simpleton they sent down to Nigger Wool settlement after me had so much business with a roulette dealer that he forgot to tell me to get some office supplies, so when we got to camp I found that the principal equipment of my paintball 6 by 5 business apartment consisted of three lumber crayons, slightly shop worn, and a last year's almanac. I got some smooth pine boards and kept my books on them with chalk."

"How did it work?" I asked, interested in spite of myself.

"Like a charm," grinned Biffkins. "until the foreman of gang I got on a drunk one night and slept in the office and used up fourteen pages of the general ledger for kindlin' wood the next mornin'." The company sent up an auditor to check over my books, but he went back plumb disgusted. Told 'em they didn't need an auditor—what they wanted was a carpenter who was handy at figgers. An' that reminds me!"

—Bookkeeper.

A Girl's Preparedness.

There is something very pitiful about a girl. She wears calico, but talks knowingly about the latest styles in silks. Her home is furnished plainly, but she knows the latest styles in furniture; she knows how the silver ware should be arranged at dinners, the latest stitch for the marking of monograms on the finest table damask, the etiquette to be observed at a dinner, a reception or a ball, although she never attended anything more than a neighborhood party in her life. Her father's monthly income is not as large as the pin money a rich girl would spend in a day, but she knows what the rich girl should wear and buy to be in touch with the times. She is, in short, prepared at any time to marry a rich man and become a society leader. —Atchison Globe.

FAMILY FOUND TO BE IN GREAT NEED

Two Ill in One Home, and Father Unable to Work From Injury.

During the past week the Charleroi poor committee and others have been assisting a French family by the name of Pesse who are said to be in great need. The family lives at 211 Luella avenue and at the present time Mrs. Pesse, and her daughter are ill with typhoid fever. The father is a cripple and unable to do much work. On the same lot in another house the father and mother of the woman are living and there a son, is sick with typhoid. The poor committee will thankfully receive whatever donations Charleroi people wish to give.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The district is now represented by Daniel Walton, and is ordinarily, with a full vote, strongly Republican. It is also stated that some strong Washington county Democrat will be selected to make the fight.

Babies' Bank Accounts.

In Schoenberg, a suburb of Berlin, every baby is born with a banking account. No Schoenberg baby can help this even if it wants to. The municipal regulations provide that whenever the birth of a child is recorded the officials of the municipal savings bank shall issue a bank book in the said baby's name. The city itself then deposits 1 mark (about 25 cents) and immediately allows interest. With this nest egg the authorities believe that the parents of the child will be encouraged in thrift and that the baby itself will have a fair start on the road to wealth. No withdrawals are allowed in less than two years, and the ordinance applies to all children, whether they are members of poor families or descended from millionaires.

Babies are popular in Schoenberg.

MINUTIVE FARMS.

Those in Portugal have been cut up into very small portions. The Portuguese are an extremely conservative people. Every one follows rigidly the methods employed by his father and forefathers. In very many parts of the country the old wooden plows are still used.

When a man dies, instead of one of the heirs taking the whole property and paying the remaining heirs for their parts, the whole property is divided into as many parts as there are heirs. More than this, each separate part of the property is thus divided.

Thus, if a property consisted of ten acres of pasture land, eighty of vineyard and ten of grain land and there were ten heirs, each heir would receive one acre each of grain and pasture land and eight acres of vineyard. This process has been going on for a very long time, so that now in the most fertile part of Portugal the land is divided into incredibly small portions.

The immediate result of this, according to the United States consular reports, is that the product of the land is barely sufficient at best to sustain its owners. South of the river Tagus, on the other hand, there are enormous tracts of excellent land lying unused, but it has been found impossible to induce the farmers of the north to move into this region and take up large holdings.

RACE WAGERS IN INDIA.

Native's Method of Choosing a Winner and Making Bets.

The native of India wagers his money according to the colors worn by the jockeys and takes no heed of the merits of the horses, or he will back a horse ridden by his favorite jockey, no matter whether the animal is a rank outsider or not.

His ideas of gambling, in fact, are distinctly novel. Some of the more wealthy Indians form rings and back every horse in the race, thus gaining the satisfaction of getting a winner every time. It is really only of late years that the native of India has become a habitual gambler on the turf, and nowadays the bulk of the betting of the various racing centers in India is done by natives. Indeed, the authorities are somewhat concerned about the growth of the betting which takes place among Indian natives. It being asserted that as many as thirty lacs of rupees (about \$300,000) is lost and won in the course of a season.

The ignorant masses have not a great deal of actual money to wager, but so badly bitten are many of them with the craze for betting at race meetings that they frequently wager what little property they possess on a horse, and if they lose they simply replace their loss by stealing a neighbor's goods. The consequence is that when the racing season comes around the police are kept very busy dealing with cases of petty larceny and other crimes involving loss of property.—London Tit-Bits.

This Small World.

"About ten years ago, when I was living in a village in Illinois," said the red headed man, "I had business to call me to London. My getting ready for the trip was the talk of the place, and a day or two before I started I was visited by a farmer who was an Englishman and who said:

"If you are going to London would you mind seeing my brother Jim and telling him his brother Tom over here is well and doing well and wants him to write oftener?"

"What is your brother's other name?" I asked.

"Smith, sir—Jim Smith."

"I told him I would keep an eye out for the Smith family, and he thanked me and withdrew. In due time I arrived in London from Liverpool, and as I took a cab at the depot I queried of the driver:

"Do you happen to know any one in London named Smith?"

"I'm a Smith myself, sir," he replied.

"But a Jim Smith."

"But a Jim Smith who has got a brother Tom in America."

"I've got one, sir."

"But a Jim Smith whose brother Tom in America is a farmer in Illinois and wants to be written to oftener."

"That's me again, sir, and here's the proof of it. I'm just going to mail him this 'ere letter."

"And hang me if he didn't show me a letter ready for mailing, and prove his case on the spot. He was the first man I had spoken to in London, and he was the Jim Smith I had been told to look out for."—Chattanooga Times

Engraved Gems of the Ancients.

Engraved gems are among the most interesting objects of art inherited by us from the ancients. Though many of the cameos and intaglios were engraved on precious stones over 2000 years ago, they are still as clear and fine as if they were cut yesterday. The designs engraved on these stones indicate that the old Greeks and Romans regarded them as charms against accident or misfortune. This superstition generally took the form of a fondness for representation of certain animals. Sailors affected the dolphin because it was believed to be the mariner's friend. Women, so far as fishes were concerned, preferred the representation of the prolific sardine of the Adriatic, which was a symbol of fruitfulness because of the great number of its eggs. The ant was worn as an emblem of industry. By the frog was indicated the idea of resurrection, because that interesting batrachian renews its youth each spring by shedding its old skin.

FOUR BOXES.

An Effective Quartet of Great Governing Powers.

"The world is governed by three boxes," said an American wit of a century ago, "the cartridge box, the ballot box and the bandbox."

Between the first two of these great governing powers no one questioned the natural alliance, but that the sex whose box was the bandbox should also claim a right to use the ballot box was in his day undreamed of. Half a century later, during the civil war Horace Greeley, the famous editor held the old opinion.

"Madam," he said bluntly at a public meeting to the pioneer suffragist Elizabeth Cady Stanton, "the bullet and the ballot go together. If you want to vote, are you ready to fight?"

"Certainly, sir," replied the quick-witted lady, to the delight of the audience. "I am ready to fight just as you have fought—with my pen."

Not all the early women suffragists would so readily have countenanced warfare, even in jest, for a notable number of them were Quakers or of Quaker ancestry, to whom force was abhorrent. In the Society of Friends the rights of men and women have been always absolutely equal, so that as Lucretia Mott declared, it seemed but natural to wish to counsel and act with men everywhere on even terms, as she had always done in Nantucket.

One Quaker philanthropist, Abby Hopper Gibbons, who had never been identified with the "woman's rights" women, yet acknowledged with delicate humor that, although she talked little about her rights, she had "been in the habit of always taking them" when she could.

Once, however, she failed to take a very important one when she was summoned to do so. She had a singularly bold and firm handwriting, easily mistaken for a man's, and often signed business communications simply A. H. Gibbons, so that she one day found herself, as a citizen and a taxpayer, imperatively required, in the name of the law, to furnish reasons why she should not serve as a juror.

"I know of none," she wrote serenely at the foot of this formidable document and sent it back. But the official who read this apparently impertinent response must have investigated the record of his correspondent and found a reason, for A. H. Gibbons, householder of New York, was excused from service in that fourth box, so important in civilized communities—the jury box.—Youth's Companion.

Clothes and the Man.

Man is, in some sort a slave to his clothes, and there are many men who dislike wearing the same clothes on two consecutive days, more particularly the necktie. For the first two or three things you look at when you meet a man are his eyes and his necktie. And there is a sort of underlying consciousness as you face the morning world that your tie must be straight and clean and new. But to this end you must buy the cheap tie and throw it away with your sins before going to bed.—London Chronicle.

ITALIAN HELD FOR COURT FOR ASSAULTING A CHILD

Charged with Serious Crime
on Seven-Year Old
Girl.

BAIL PLACED AT \$1,000

Unable to Furnish it and Will be
Taken to County Jail to
Await Trial.

In default of \$1,000 bail, Sam Tatoro, an Italian who conducts a small confectionary store at 321 Fallowfield avenue, will be taken to jail, likely Wednesday, to await action of the grand jury on the charge of criminally assaulting Mary Riile, the seven-year old daughter of Mr. and Mrs. Giro Riile, of 225 Fallowfield avenue. The men was held for court at a preliminary hearing before Justice of the Peace E. E. Rice, last evening.

The particular offense, on which the information is based, occurred on last Friday. The little girl from threats to kill her and her father made by Tatoro, it is said, was afraid to tell her father, but yesterday finally blurted it out. Her parents made information and Tatoro was arrested.

It was stated that on Friday the little girl entered the store of Tatoro to purchase some candy for the baby her mother having sent her on the errand. While she was making the choice of the candy it is stated Tatoro made efforts to entice her into his room, and finally ended by carrying her there. Then it is alleged the criminal assault was committed. She was much frightened, but his terrible threats, it is said, had the effect of making her keep silence.

The girl appeared as a witness in the case and told her story simply. It was stated that this was not the first offense, and that other girls had been treated shamefully by Tatoro. Dr. C. E. McDermid had made an examination of little Mary, and in his opinion she was in bad condition.

R. C. Buchanan, who was elected director of the poor on the Republican ticket, expended \$55. Of this amount \$50 was contributed to the Republican County committee. He spent \$101.35 in the primary contest, making a total of \$156.35 for the campaign.

In the statement filed it is set forth that the lots were jointly occupied by the Hilt until about October 4, 1908, when the defendant willfully and unjustly and with force of arms ejected the plaintiff from the premises and subsequently secured a divorce from him. On or about April 20, 1909, the plaintiff went to the premises and demanded possession but was refused admission, and on his refusal to leave the defendant summoned a policeman and had the plaintiff forcibly ejected.

CAR SHORTAGE IN FAYETTE

Otherwise There is Remarkable
Activity in Connellsville Region.

Coke shipments daily from the Klondyke and Connellsville regions are now about the 2,400 car mark. This is about 50 daily less than would be shipped were it not for a car shortage. The Pennsylvania railroad today reported conditions improved over those of last week and the Pittsburgh and Lake Erie reports a fair supply of cars for the week, but the Baltimore and Ohio is unable to meet the demand. The Monongahela River railroad operated jointly by the Pennsylvania and Pittsburgh and Lake Erie, is breaking all records.

The daily shipments of coal and coke over the West Brownsville scales of the Pennsylvania railroad and the Newell scales of the Pittsburgh and Lake Erie show a total that daily reaches the 650 mark. The Klondyke region was never as busy as at the present time. Every Frick over available is in blast while the independent operators are unable to supply the demand for coke and are adding to their number of ovens as fast as masons can build them. The labor supply is better than has been for many months.

The fire originated in the Lefkowitz clothing store.

Sheriff and District Attorney
Will Serve Extra
Years.

CHANGE IN CONSTITUTION

Passing of Amendments Calls
for Election of County Officers in Odd Years.

One of the effects of the passage of the State Constitutional amendments at the last election is that no county officers will be filled next year. Under the present order of affairs a sheriff and district attorney would be nominated at the primaries next June and elected at the fall election in 1910. But as county and municipal elections must be held on the odd numbered years, the terms of sheriff and district attorney will be extended one year in order to have their successors elected in 1911.

The only officers to be nominated next year will be Congressman, State Senator and three Assemblymen. The year following, however, in 1911, a full county ticket will be nominated and elected. Under the provisions of the new primary law a fair field is open to all, and there will be a horde of candidates for the Republican nomination of every single office. The election of borough officers next February will be the last one to be held in that month. After the borough and township officers will be elected in November.

LUTHERANS TO HOLD CONCERT TONIGHT

Feature Will be Part of Grand
Opera from "Hansel and
Gretel".

Tonight under the auspices of the Ladies Aid society of the Christ Lutheran church, "The Detectors," a noted musical organization will appear. This company is headed by Charles Frederick Morse, formerly pianist at the California Normal.

Miss Hope Smith is the contralto, Mrs. Granville I. Filer, soprano, John Atkinson, baritone, and Lynn Hobart, tenor. Prof. Morse is so well known here that it is unnecessary to say much of him. He is a brilliant pianist, and on the most difficult music is most at home. Miss Smith was for three years a student in Paris, and is quite noted. The others are also of the finest.

The concluding part will be from the grand opera, "Hansel and Gretel." This is said to be especially fine.

Taft on the Job.

President Taft has committed himself to a number of propositions which, if carried out, will add greatly to the public welfare and service. That he will fail in carrying out some of these is a foregone conclusion. Others will only be partially fulfilled, but at the same time these compromises and failures to carry out the popular measures will not be the fault of President Taft. He is not supreme, and his measures will encounter all sorts of opposition from the interests with which they come in conflict.

President Taft, however, is on the job. Unfortunately ours is not yet a government by commission. If it were, there would be some market changes for the better with the President in command. If this question were put up to the people, the plain, common people, who have no interests except to live and let live, an overwhelming majority would no doubt favor giving President Taft absolute sway. Knowing the country and the people as he does, its resources and its necessities, government by commission in his hands would accomplish more real material benefit in a single term than in a cycle under the present machinery. As it is, he is doing what he can.

Social Centres.

The use of school houses for social centres—club houses for the people—is being tried in Pittsburgh. The first venture is at the Thaddeus Stevens school house, West End, where under the direction of the Pittsburgh Playground Association, the school house is open evenings for recreation and entertainment of the people. Games and reading rooms are installed with lectures and training classes for adults and other features as a part of

In providing playgrounds and recreation for the children those in charge make the discovery that these features are also lacking for adults. The latter do not need playgrounds,

but they do want some public place of meeting where they can visit with their neighbors and discuss the topics of the day. In small villages the country store afforded this opportunity. In the big industrial centres the beer club has been organized for that purpose. Some of the fraternal societies like the Turners provide club houses where men and children can congregate evenings for recreation and rational entertainment, but these as a matter of course are limited, and not open to the general public. Consequently when the school house was suggested it met with a ready approval.

The school house is built and maintained by the taxpayers, and there is no reason why adults cannot use it evenings. The idea is a most excellent one, and it is suggested that School Hall in Charleroi be utilized for the same purpose. This is a good subject for thought and discussion.

The Careless Public.

Every once in a while the discovery is made that public funds are being diverted for private interests. Money not in immediate use that should be drawing interest for the benefit of the public is more frequently than otherwise diverted to the use of individuals and institutions without recompense to the public. The millions that the State treasury carries in excess of actual needs was for years let out to favored banks and individuals without interests until a public howl went up and now but a nominal rate is paid.

Some time ago Charleroi borough began the accumulation of a sinking fund for the liquidation of a bond issue. Through the watchfulness of Borough Clerk Nicholson this was put on interest, which is compounded for the benefit of the fund. This is good public policy, but how many citizens and taxpayers ever know or think to inquire whether the public funds are invested in the interests of the taxpayers? How many taxpayers know if there is a sinking fund in the county, and if there is whether or not it is drawing interest for the benefit of the county?

Banks fail because the directors are not onto their job. Public funds are misapplied and used for private interests because the taxpayers have not enough interest or intelligence to look after the proper handling of the public money.

ELECTRIC SPARKS

Now, what do you think of that? A man says that Speers is a disgrace to the community. Bet if the Speers people knew who it was, they would make his appearance a disgrace to him.

Most women's ideas of an ideal young man is one who doesn't smoke, doesn't drink, doesn't gamble, and doesn't go to burlesque shows, or stay out late, yet who are strong and willing at the same time to do the household work besides make the money with which to buy new suits for her.

"Smooth Bore" politics don't go with Donora people. Neither do they with people of this borough.

The religious services held before the lynching of the man out at Cairo, might well be considered by the Christian people as a mockery.

The increasing size of the B. and O. pays might indicate that some improvements might be made in the road. And the increasing business of the Pennsylvania railroad might indicate that Charleroi stands one chance in four millions and fourteen of getting a new station some time

in the years to come.

Reckon if we do put a tax on the pipes of the Greensboro Gas company they will only raise the rates again. If they do they will get into a real big muss.

The Uniontown Herald says the Connellsville Courier doesn't spell right, and the Courier retorts that the Herald steals its editorials. Oh, quit your fighting fellows.

According to a high official at Washington, there'll be nothing left of the sugar trust after he and some more get through. Wonder if that will mean the reduction in prices or the further boosting of them, inasmuch as the government has gotten into the habit as well as members of trusts.

FAMILY FOUND TO BE IN GREAT NEED

Two Ill in One Home, and Father Unable to Work From Injury.

During the past week the Charleroi poor committee and others have been assisting a French family by the name of Pesse who are said to be in great need. The family lives at 211 Luella avenue and at the present time Mrs. Pesse, and her daughter are ill with typhoid fever. The father is a cripple and unable to do much work. There is more Catarrh in this section of the country than in any other section, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

Babies' Bank Accounts.	
In Schoenberg, a suburb of Berlin, every baby is born with a banking ac- count. No Schoenberg baby can help this even if it wants to. The municipal regulations provide that whenever the birth of a child is recorded the officials of the municipal savings bank shall issue a bank book in the said baby's name. The city itself then de- posits 1 mark (about 25 cents) and immediately allows interest. With this nest egg the authorities believe that the parents of the child will be encouraged to thrift and that the baby itself will have a fair start on the road to wealth. No withdrawals are allowed in less than two years, and the ordinance applies to all children, whether they are members of poor families or descended from million- aires. Babies are popular in Schoenberg.	

MINUTIVE FARMS.

Those in Portugal Have Been Cut Up
into Very Small Portions.

The Portuguese are an extremely
industrious people. They are not
laxly, the methods employed by
his father and forefathers. In very
many parts of the country the old
wooden plows are still used.

When a man dies, instead of one of
the heirs taking the whole property
and paying the remaining heirs for
their parts, the whole property is di-
vided into as many parts as there are
heirs. More than this, each separate
part of the property is thus divided.

Thus, if a property consisted of ten
acres of pasture land, eighty of vine-
yard and ten of grain land and there
were ten heirs, each heir would receive
one acre each of grain and pasture
land and eight acres of vineyard. This
process has been going on for a very
long time, so that now in the most fer-
tile part of Portugal the land is di-
vided into incredibly small portions.

The immediate result of this, accord-
ing to the United States consular re-
ports, is that the product of the land
is barely sufficient at best to sustain
its owners. South of the river Tagus,
on the other hand, there are enormous
tracts of excellent land lying unused,
but it has been found impossible to in-
duce the farmers of the north to move
into this region and take up large
holdings.

RACE WAGERS IN INDIA.

Native's Method of Choosing a Winner
and Making Bets.

The native of India wagers his
money according to the colors worn
by the jockeys and takes no heed of
the merits of the horses, or he will
back a horse ridden by his favorite
jockey, no matter whether the animal
is a rank outsider or not.

His ideas of gambling, in fact, are
distinctly novel. Some of the more
wealthy Indians form rings and back
every horse in the race, thus gaining
the satisfaction of getting a winner
every time. It is really only of late
years that the native of India has be-
come a habitual gambler on the turf,
and nowadays the bulk of the betting
of the various racing centers in India
is done by natives. Indeed, the au-
thorities are somewhat concerned about
the growth of the betting which takes
place among Indian natives, it being
asserted that as many as thirty lacs
of rupees (about \$300,000) is lost and
won in the course of a season.

The ignorant masses have not a
great deal of actual money to wager,
but so badly bitten are many of them
with the craze for betting at race meet-
ings that they frequently wager what
little property they possess on a horse,
and if they lose they simply replace
their loss by stealing a neighbor's
goods. The consequence is that when
the racing season comes around the
police are kept very busy dealing with
cases of petty larceny and other crimes
involving loss of property.—London

FOUR BOXES.

An Effective Quartet of Great Gov-
erning Powers.

"The world is governed by three
boxes," said an American wit of a cen-
tury ago, "the cartridge box, the ballot
box and the bandbox."

Between the first two of these great
governing powers no one questioned
the natural alliance, but that the sex
whose box was the bandbox should
also claim a right to use the ballot
box was in his day undreamed of. Half
a century later, during the civil war
Horace Greeley, the famous editor
held the old opinion.

"Madam," he said bluntly at a pub-
lic meeting to the pioneer suffragist
Elizabeth Cady Stanton, "the ballot
and the bandbox go together. If you
want to vote, are you ready to fight?"

"Certainly, sir," replied the quick-
witted lady, to the delight of the audi-
ence. "I am ready to fight just as you
have fought—with my pen."

Not all the early women suffragists
would so readily have countenanced
warfare, even in jest, for a notable
number of them were Quakers or of
Quaker ancestry, to whom force was
abhorrent. In the Society of Friends
the rights of men and women have
been always absolutely equal, so that
as Lucretia Mott declared, it seemed
but natural to wish to counsel and
act with men everywhere on equal
terms, as she had always done in
her own life.

One Quaker philanthropist, Abby
Hopper Gibbons, who had never been
identified with the "woman's rights"
women, yet acknowledged with de-
cided humor that, although she talked
little about her rights, she had "been
in the habit of always taking them"
when she could.

Once, however, she failed to take a
very important one when she was
summoned to do so. She had a singu-
larly bold and firm handwriting, easily
mistaken for a man's, and often signed
business communications simply A. H.
Gibbons, so that she one day found
herself, as a citizen and a taxpayer,
imperatively required, in the name of
the law, to furnish reasons why she
should not serve as a juror.

"I know of none," she wrote serenely
at the foot of this formidable docu-
ment and sent it back. But the official
who read this apparently impudent
response must have investigated the
record of his correspondent and found
a reason, for A. H. Gibbons, house-
holder of New York, was excused from
service in that fourth box, so impor-
tant in civilized communities—the jury
box—Youth's Companion.

This Small World.

"About ten years ago, when I was
living in a village in Illinois," said the
red-headed man, "I had business to
call me to London. My getting ready
for the trip was the talk of the place,
and a day or two before I started I
was visited by a farmer who was an
Englishman and who said:

"If you are going to London would
you mind seeing my brother Jim and
telling him his brother Tom over here
is well and doing well and wants him
to write often?"

"What is your brother's other
name?" I asked.

"I told him I would keep an eye out
for the Smith family, and he thanked
me and withdrew. In due time I ar-
rived in London from Liverpool, and
as I took a cab at the depot I queried
of the driver:

"Do you happen to know any one in
London named Smith?"

"I'm a Smith myself, sir," he re-
plied.

"But a Jim Smith?"

"I'm a Jim Smith."

"But a Jim Smith who has got a
brother Tom in America?"

"I've got one, sir."

"But a Jim Smith whose brother
Tom in America is a farmer in Illi-
nois and wants to be written to of-
ten?"

"That's me again, sir, and here's
the proof of it. I'm just going to mail
him this 'ere letter."

"And hang me if he didn't show me
a letter ready for mailing, and prove
his case on the spot. He was the first
man I had spoken to in London, and
he was the Jim Smith I had been told
to look out for."—Chattanooga Times

Engraved Gems of the Ancients.

Engraved gems are among the most
interesting objects of art inherited by
us from the ancients. Though many
of the cameos and intaglios were en-
graved on precious stones over 2,000
years ago, they are still as clear and
fine as if they were cut yesterday.

The designs engraved on these stones
indicate that the old Greeks and Ro-
mans regarded them as charms against
accident or misfortune. This super-
stition generally took the form of a
fondness for representation of certain
animals. Sailors affected the dolphin
because it was believed to be the mar-
iner's friend. Women, so far as fishes
were concerned, preferred the repre-
sentation of the prolific arings of the
Adriatic, which was a symbol of fruit-
fulness because of the great number
of its eggs. The ant was worn as an
emblem of industry. By the frog was
indicated the idea of resurrection, be-
cause that interesting batrachian re-
news its youth each spring by shed-
ding its old skin.

Pertaining to Fish.

Blessings on thee, little man! Go
a-fishing when you can. Never mind the
teacher's rule not to run away from
school. Take your bait and sidle pole,
and then hunt the deepest hole where
the wary troutlets hide by the canyon
streamlet's side. You'll get licked at
home, of course, and you'll suffer great
remorse, but when daddy sees your
string he'll gasp and say, "By jing!"
And his rod and reel he'll snatch and
start out to make a catch when your
jacket he doth tan. Blessings on you,
little man!—Los Angeles Express.

Clothes and the Man.

Man is in some sort a slave to his
clothes, and there are many men who
dislike wearing the same clothes on
two consecutive days, more particu-
larly the necktie. For the last two
or three things you look at when you
meet a man are his eyes and his neck-
tie. And there is a sort of underlying
consciousness as you face the morning
world that your tie must be straight
and clean and new. But to this end
you must buy the cheap tie and throw
it away with your sins before going to
bed.—London Chronicle.
